Controls and Restore to Default to use these controls. You can also go in and just manually remap them. Added a feature to allow the player to always face your mouse. You can enable it in the Options menu under Player Options. IMPORTANT - When facing the mouse is enabled TURNING via any other input method will be ignored! You will need to disable this to use your keyboard or gamepad for turning again! Fixed an issue in the controller mapper where the labels for turning right and left were reversed.. Outbreak v1.15 Released - New Nightmares Scenario! : Outbreak v1.15.1 has been released! It includes the following changes: Monster spawn rates significantly reduced across the game. Most changes will be felt in games on lower difficulties or with fewer players. Capped the maximum amount of concurrent monster spawns per spawn iteration to a lower number. Addressed music issues in Garage and Triage Onslaught scenarios. Minor spelling fixes. Outbreak v1.15 has been released! It includes the following changes: Added the Care scenario to Nightmares mode. Further buffed players in multiplayer games with fewer players on lower difficulties. Character and Starting Equipment screens now update properly on mouse hover. Improved

the experience when picking up items. Sometimes the interaction would not register if the item was near a point of interest. Consumable items earned during the game will appear correctly in your Steam backpack on the Steam website again. This was broken due to a migration on the Steam backend for the Outbreak application, but it has been addressed with Valve's help.. Outbreak Spring Survival Sale Starts March 21st! 50% Off! : We're happy to announce that Outbreak will be 50% off from March 21st through April 4th! In addition, DLC will be 15% off ! The sale should go live sometime around 12PM EST on the 21st! Grab a few friends and attempt to survive the nightmare, or go it alone in every game mode including the single-player Nightmares narrative mode! Please share the sale with your friends and let's grow the community! Thanks for supporting Outbreak!
